He has changed

At f rst I was glad

But now he s just

Why
wouldn't I be happy
Do you really mean it ?
Of course
Congratulate me s re
Congratulat ons
I am very happy
F nally I feel I ke I ve become your w fe

Now everyone will acknowledge me as Anatorian.
Whether you are pregnant or not the moment you've come here you've been an Anatorian
I am glad that you tell me so
Could I make a request ?

Jaxmes
www.jaxmes.com

Is Hezel not doing good at it ?
I don't mean that.
If not, I suggest you take easy since you are having a child.
Hezel will be glad to do chores.

The queen is pregnant ?
It's been over three months. She didn't call a doctor until she was absolutely sure.
She sure s extremely caut ous for her age
Is that why she s very act ve r ght now ? I wondered why she stayed so low lately
She called her mother s doctor and ma ds from Skador Her reason ng was to feel home

Is that so ?
Does the
m stress know
th s ?
The word
goes around fast
I am sure she w ll
f nd out sooner or
later
I see
You are
d sm ssed
Yes..m lady
To feel home huh
Th s place s not safe for you
you th nk?
There s no one you
can trust here ?

It's been two months since Muzo came... Why isn't the majesty sending him back ?
I bel eve he w ll be leav ng after a hunting party
Will the majesty attend ?
That I do not know yet

It seems It was pr nce Muzo who requested He sa d he wanted to spend some time with h s brothers
It s not Ike every pr nce w ll be able to attend Why s he ns sting to do It ?
It must be stopped
Go tell Yapa that he must excuse himself from it.

Congratulat ons for your ch ld
Yes thank you
Whether it is a son or a daughter it w ll nherit the throne

In Skador,
only sons are
allowed to take
the throne.
But I believe
a woman is
eligible for the
throne in Anatoria.
Yes, there was
one case
Therefore,
I am not worried
even if it's a daughter
The majesty is
looking after me
now
I was going to be
the keeper of the castle
But I guess I have to let you
do it for a while
As soon as I become
healthy again, I am sure
I will take that burden
off you

You hit Hith who was away because general Ryou called
You dragged a maid to lady Lala and beat her
Hith did nothing wrong
Shut up.
Mom will be calling you soon
Mom's angry!
You hit innocent Hith You will pay for this

It won't be easy for you even if you make a lot of allies. But you made a bunch of enemies today.
Have you heard the queen s news?
Your behavior today was good for your enem es

I think she has her reasons to worry about
I guess you heard about royal widows being sent to some retreat and forced to live there until death.
But I believe your brother will take you back.
So even if I die there's nothing for you to worry about
Actually my death will be good news for you
I do not want anyone to die for anyone or any reason

You seem to be telling truth. This mark is Biyon's ring
This ring can replace the emperor's stamp in emergency.
We have older documents with this ring's mark on.
We will compare and see
So, Biyon s wife has the r ng ?
Yes
The majesty left the r ng to the queen before he went to battles
What took you so long to del ver th s news?
After fall of Ramra Anator a and the current Ramra have spread countless spies all over Korshka because you might make a move to take back Ramra

I even heard that there are spies in this castle
So, I personally sought out the majesty's whereabouts But I haven't been able to find even a clue
I thought he might have contacted you So, I came to you
He has only sent me a letter saying all is going well
Now that I know his wife and daughter are alive and well I'd like to have them under my protection
I am very sorry to say, but it is too early for that sire it is better for them to stay hidden like now Furthermore your position will be awkward if you do have them under you

Can't I see them at least ?
It's too early, sire.
If I don't know where they are, I won't be able to contact them when I find out where Byon s
When the time comes post a public notice that only I will be able to recognize
I will come to you right away
I believe I have my right to at least know your name
Who are you ?
Yes I was
I see that you are a woman Were you Byon s knight ?

Eshe s the name
I used to be a good

They took me by surpr se

I've sent my men to search for the cause Your horse was hit by a po son str ng They must have known you l ked the curse and were wa t ng for you on the h ghest spot

I wonder why lady Shieta hasn't visited him even after he managed to stabilize...
She cannot come here unless she is being summoned by you or the prince
That is Imitation of a mistress who doesn't have a child
Posha, why didn't you tell me ?
All this time I was wondering why she isn't coming I am sure she is worried
The princess was in critical condition Besides, I serve you, not her
She must think I am selfish

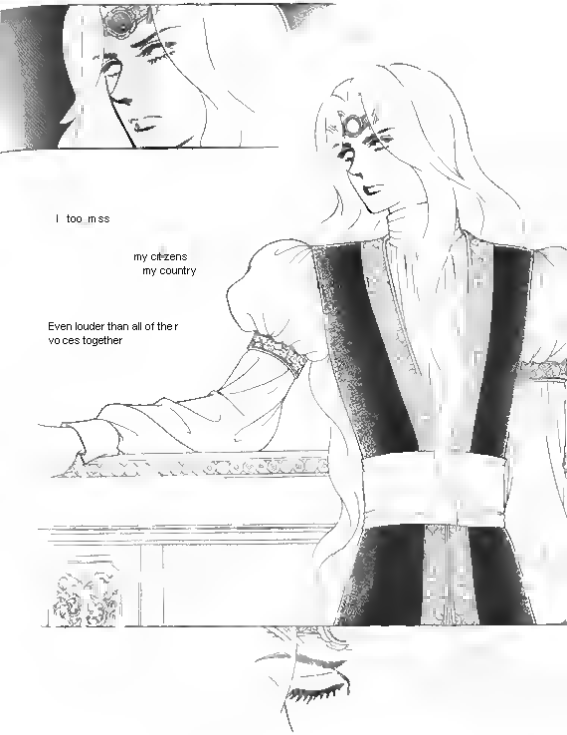
Govann Vada has returned, sire
Welcome back and good work
What took you so long ?
Unexpectedly large amount of citizens wanted to leave Ramra And I had to shake off Barder's dogs

Barder s gett ng desperate sn't he
He has to be.
His cover's completely blown away.
People even know that he used to support Skadel Tor with his revolt and prepared his plans even before I married Bil.
No one under Barder s trustworthy
H s secrets were go ng to be known sooner or later
Cit zens now even know that he sent Skade Tor Ramra s gold
I guess the cit zens pan cked
They are voc ng up. s re
They want your return from ther hearts



I too miss
my citizens
my country
Even louder than all of their voices together

By the way
I've noticed something strange on my way back
Anatoria's naval forces are moving
What are they going to do now?
I've sent my spies But they are definitely up for something
it's only normal Skade Tor wouldn't be satisfied only with Ramra
Aye sre
Go let's talk about it later First of all get a shower and eat

Sire, it is late.
Are they done ?
Yes, the refuges found many of their missing family members.
So, their celebration lasted longer than we hoped

Hoho –
Anyway, you are
a very lucky lady
You have the beauty and
have married such a lord
as king Tor. Furthermore,
you are adopting yourself
very well and are fortifying
your position well now
Yes
t is no wonder
the m stress has
become ll due to
jealousy
I heard she doesn't
even come out of
her room lately
What a temper she
has
I w sh she could
control herself more

Everyone has their own place. She used to be a commoner and that is where she truly belongs.
Now that she is going to live in shadow, it is not surprising that she is losing herself.
I heard the majesty visits her place rarely for only a short period.
As soon as you are free again, the majesty won't need that mistress again.
Yes, of course. Though right now there's nothing much that can be done.
You ladies are quite entertainers.
It's our pleasure to see you often.
And that's why I like to call you often.
Just call us and we will be here like lightning.

Are you absolutely certain that she is ill because of jealousy ?
There isn't any other explanation Why else would she lock herself in her room and eat so much food?
Gossips about her current behavior is spreading fast
You know that when a woman is stressed she sometimes finds her solution by eating
Now that she is showing her true face everyone is not liking her right now
She is digging her own grave

Get up now !
What br ngs you here ?
You just recovered from severe wounds But all you do s dr nk and gamble
Just what are you try ng to accompl sh ?

There s noth ng new n my behav or
King Tor has sent the majesty complaint letters
Saw it coming
Of course the words are formal and all
Anyway..the majesty s pretty mad right now He will summon you soon
The old man has always angry at me
Noth ng new
And noth ng new for you either
Th s has been go ng on for too long
I am t red of look ng after you
Get a hold of yourself
www.janimes.com

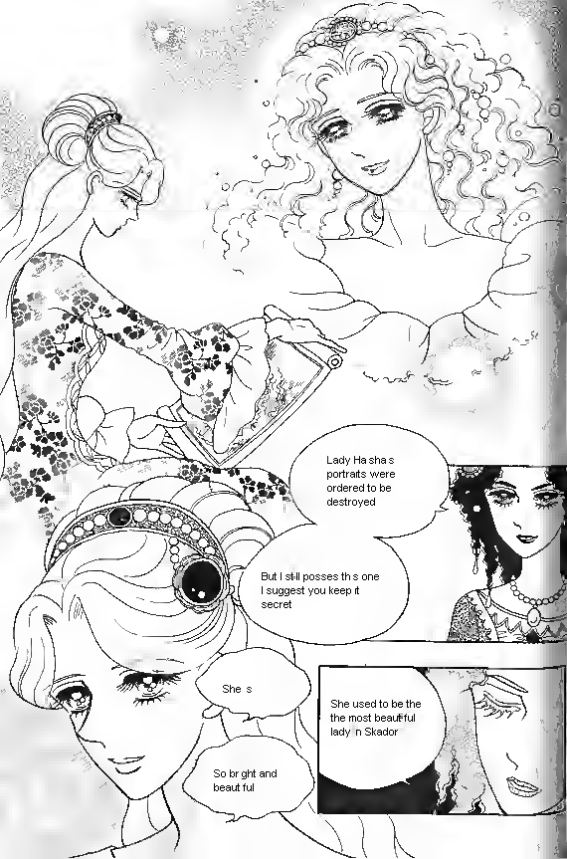
I am sure you know what others have been saying about you
I thought you d end it soon But it has been go ng for for months now
Th s s not looking good for you
S bel s try ng h s best to look good n front of the majesty
But your behav or due to the queen s pregnancy it m ght effect S bel

I was afraid
that I'd lose it again
So, I couldn't tell anyone
What ?
It seems I've grown tendency of losing babies
I didn't want to repreat it again
So, I couldn't even tell you
Lady Lala
Does he know ?

I told him that I wouldn't tell him anything
And it seems he understood what I meant
Why didn't you tell him?
If I told him and he didn't inform the queen it's be that he's hiding something from the queen
So I believed that he should not know until the time comes
But
it seems he understood
it seemed as if he understood everything So

Those two are
too extreme
One takes all
kind of abuses
and s still
going on
And the other s
shutting its mouth
and let the other
suffer still
Does this mean
she is the one
he truly loves?
If both the queen
and she give birth to
a son

That is how she looked like before she was marr ed



Lady Ha sha s portraits were ordered to be destroyed
But I still posses th s one I suggest you keep it secret
She s
So br ght and beaut ful
She used to be the the most beautiful lady in Skador

Perhaps, that is why he still cannot forget her.
And that s also why
I couldn't tell h m to get over her
It s a name that you have to get used to
f you d like to be by h s s de
He cannot abandon It unless death embraces h m

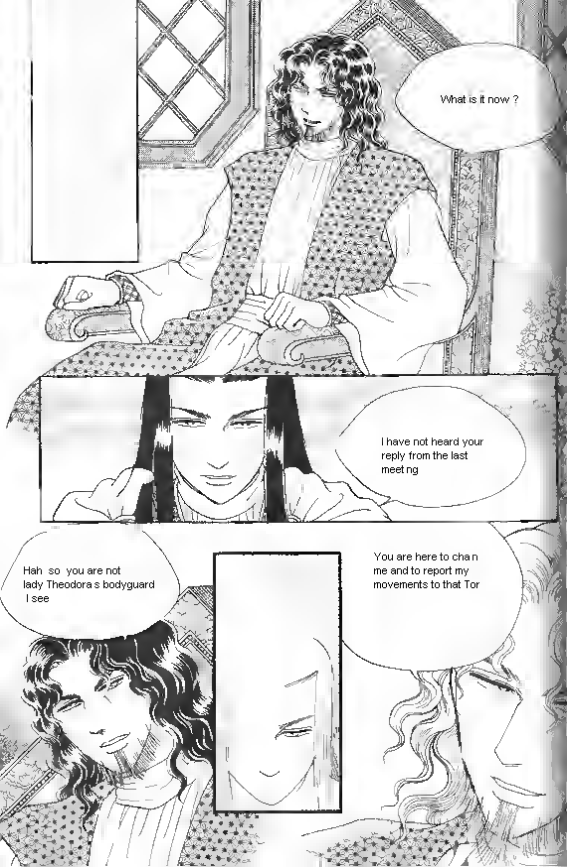
Huh no wonder
So he s going to invade Skador
They are allied on surface
Furthermore Skador is too big and too strong for his tactics element of surprise to work
But
What excuse will he come up with ?



What is it now ?
I have not heard your reply from the last meet ng
Hah so you are not lady Theodora s bodyguard I see
You are here to cha n me and to report my movements to that Tor

Thanks to your lord, I was scolded by the old man again today.
And I was even ordered to sleep with her tonight
I do not know what you are talking about
Ah..send a message to your lord

So it s not that she was ll
So she d dn't get fat because she ate too much
Because she has lost too many babies, she d dn't tell anyone
Her belly s too b g to h de now
The doctor told her not to move at all when she lost the last baby

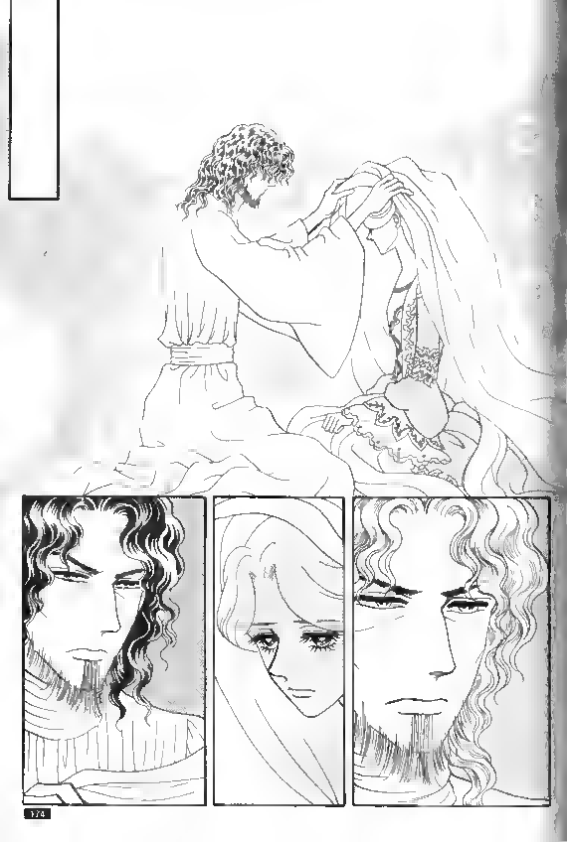
I understand that you may not feel like sleeping
But I advice not to be here alone in dark
Aren't we on the same boat ?

Your point ?
Isn't she supposed to be your bride ?
Being blunt as usual, I see.
I am sure that you are well aware that arranged marriages in royal families don't always go as hoped
So you don't feel anything
You may not want to believe
But having what you said is disgrace to my brother and his wife
Do not try to involve me into your assumption

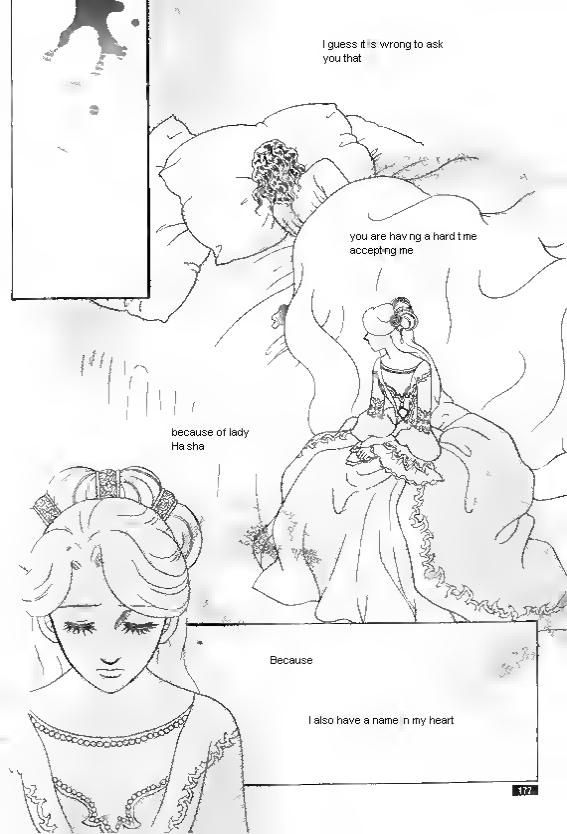
I find it weird
You are a perfectly fine man and he still leaves you unmarried
Well I believe he was going to use you for an arranged marriage In fact he was going to use you for an arranged marriage with Anatora But they refused
Hmm by your words I sound like a worthless man
I honestly think I should have married you

If you did, I suppose you would be suffering like now
Lady Ran
If you loved me, it'd have been so much easier.
And you wouldn't have to suffer now.



I have no intention to take your virgin if you do not want
It's not that I dislike you
It's just that I do not want to ruin your whole life
because someone's waiting for this to happen

Let's take our time.
Hm..but something needs to be done to make others believe that we did spent a night together
I have an idea



I guess it is wrong to ask you that
you are having a hard time accepting me
because of lady Hasha
Because
I also have a name in my heart

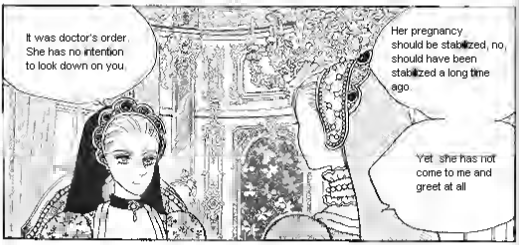
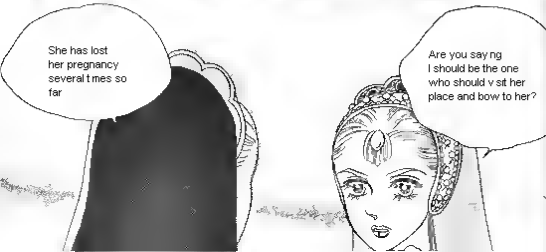
He went to her place again ?
Summon Haga right now

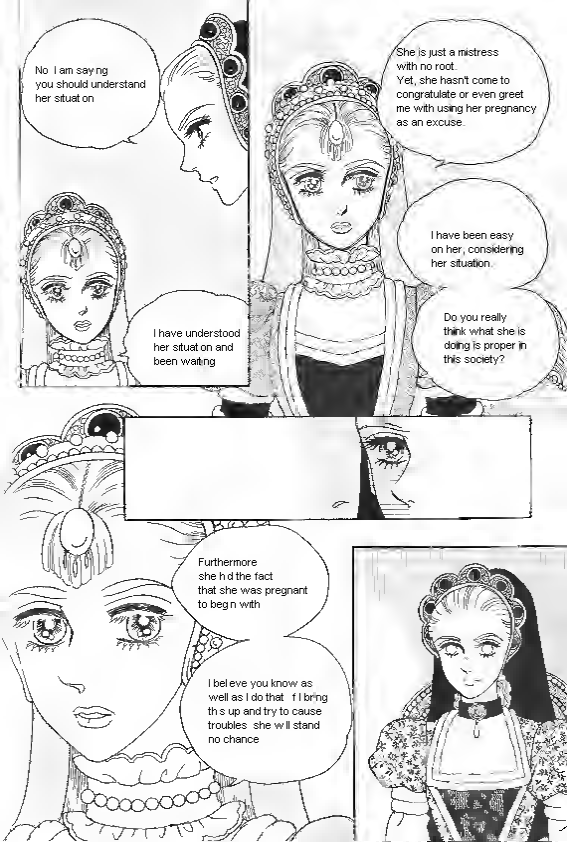
This only means she is looking down on me



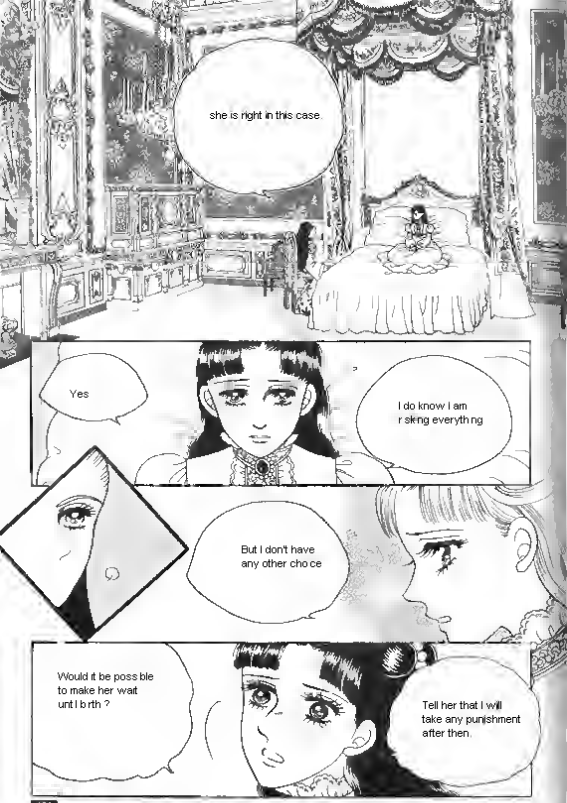
It was doctor's order. She has no intention to look down on you.
Her pregnancy should be stabilized, no, should have been stabilized a long time ago.
Yet she has not come to me and greet at all



She has lost her pregnancy several t mes so far
Are you say ng I should be the one who should v st her place and bow to her?



No I am say ng you should understand her situat on
I have understood her situat on and been wait ng
She is just a mistress with no root. Yet, she hasn't come to congratulate or even greet me with using her pregnancy as an excuse.
I have been easy on her, considering her situation.
Do you really think what she is doing is proper in this society?
Furthermore she h d the fact that she was pregnant to beg n wth
I bel eve you know as well as I do that f I bring th s up and try to cause troubles she w ll stand no chance



she is right in this case
Yes
I do know I am
r sking everyth ng
But I don't have
any other cho ce
Would it be poss ble
to make her wait
unt l b rth ?
Tell her that I will
take any punishment
after then.

I've given birth to two children. I know that your pregnancy is quite safe at this time.
You could go out by using a carriage
I am nearly 29 now
I thought I wouldn't have another chance
Th s may well be my last chance
If I lose it aga n
You w ll be go ng out just once
I do not want to take any r sk
If I can g ve b rth to th s ch ld, I am even w lling to l ve in shadow for rest of my l fe

www.janines.com
The queen won't listen
She thinks you are looking down on her because she is young and an outsider
When I lost my last child the doctor said that
If I get pregnant again it may be my last chance
And told me not to move at all until birth
Therefore,
I will not move at all until birth of this child
